Dear Mike & Peter

Re: Auditel Cost Management Services

On behalf of the Peepul Centre I would like to extend our thanks and appreciation for the work you have undertaken on our behalf to date. The work on reducing our utilities costs, along with comprehensive reviews of our contract cleaning service and site security systems has been a real benefit and the impact upon our income and expenditure has been astounding.

The experience you bring coupled with your attention to detail underpins your dedication to the project and your level of professionalism, whilst negotiating with our current suppliers, has ensured such positive results.

We look forward to your continued help and support in meeting our cost reduction targets while maintaining or improving service quality from our suppliers.

Yours sincerely

Debra Avery
